Good with him doing this event if there is open time on the schedule. I just called Hilda and talked through it with her. Just want to note that this is NOT a TVA event, AABE is a completely separate entity. Once scheduling gives me the green light on moving forward, my team will reach out to coordinate this virtual event.

Thanks,

Hilda,

I enjoyed our conversation last week. It was great to catch up. As we discussed, attached is our request to invite Mr. Michael Regan to serve as the featured guest at our AABE 7th Annual Black History Month event.

Thank you for discussing this request with him. Please let me know if you have any questions or need additional information.

Wishing you a Merry Christmas and Happy New Year!

December 22, 2021

Hilda,

Thank you for your continued support of the East Tennessee Chapter of the American Association of Blacks in Energy. As you know, one of our signature programs is our annual Black History Month Executive Panel. In February, we will celebrate our 7th annual event and it would be an honor to invite the United States Environmental Protection Agency Administrator, Michael Regan to serve as our featured guest and speaker.

Due to the ongoing pandemic, we are planning a hybrid program. If Mr. Regan is available to travel to Tennessee, we can host him at our office auditorium in Chattanooga or Knoxville with an in person small group, and live stream the event across our seven-state region. In addition, we can plan a tour of one of TVA's power generation facilities during the visit.

Date options for consideration are:

- February 1st – 3rd
- February 8th – 10
- February 15th – 17th
- February 22nd – 24th

We can tailor the visit and agenda based on his schedule / availability.

Thank you for supporting this request. Please let me know if you need any additional information.

Wishing you and your family a blessed holiday season.

Sincerely,

I am all set for the meeting on February 10th.

Today I received a question regarding the request by TVA/American Association of Blacks in Energy about their invitation for the Administrator to speak virtually or in person. As you know, TVA-Tennessee Valley is a federal utility company.

If possible, do you mind checking on the status? I completely understand that he is in high demands.

With appreciation!

Hilda
